The amendment received 5 December 2005 has been made of record. Claims 1-15 are pending.

If applicant desires to claim the benefit of a prior-filed application under 35 U.S.C. \*\*\*, a specific reference to the prior-filed application in compliance with 37 CFR 1.78(a) must be included in the first sentence(s) of the specification following the title or in an application data sheet. For benefit claims under 35 U.S.C. 120, 121 or 365(c), the reference must include the relationship (i.e., continuation, divisional, or continuation-in-part) of the applications.

If the instant application is a utility or plant application filed under 35 U.S.C. 111(a) on or after November 29, 2000, the specific reference must be submitted during the pendency of the application and within the later of four months from the actual filing date of the application or sixteen months from the filing date of the prior application. If the application is a utility or plant application which entered the national stage from an international application filed on or after November 29, 2000, after compliance with 35 U.S.C. 371, the specific reference must be submitted during the pendency of the application and within the later of four months from the date on which the national stage commenced under 35 U.S.C. 371(b) or (f) or sixteen months from the filing date of the prior application. See 37 CFR 1.78(a)(2)(ii) and (a)(5)(ii). This time period is not extendable and a failure to submit the reference required by 35 U.S.C. 119(e) and/or 120, where applicable, within this time period is considered a waiver of any benefit of such prior application(s) under 35 U.S.C. 119(e), 120, 121 and 365(c). A benefit claim filed after the required time period may be accepted if it is accompanied by a grantable

Art Unit: 1714

petition to accept an unintentionally delayed benefit claim under 35 U.S.C. 119(e), 120, 121 and 365(c). The petition must be accompanied by (1) the reference required by 35 U.S.C. 120 or 119(e) and 37 CFR 1.78(a)(2) or (a)(5) to the prior application (unless previously submitted), (2) a surcharge under 37 CFR 1.17(t), and (3) a statement that the entire delay between the date the claim was due under 37 CFR 1.78(a)(2) or (a)(5) and the date the claim was filed was unintentional. The Director may require additional information where there is a question whether the delay was unintentional. The petition should be addressed to: Mail Stop Petition, Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450.

If the reference to the prior application was previously submitted within the time period set forth in 37 CFR 1.78(a), but not in the first sentence(s) of the specification or an application data sheet (ADS) as required by 37 CFR 1.78(a) (e.g., if the reference was submitted in an oath or declaration or the application transmittal letter), and the information concerning the benefit claim was recognized by the Office as shown by its inclusion on the first filing receipt, the petition under 37 CFR 1.78(a) and the surcharge under 37 CFR 1.17(t) are not required. Applicant is still required to submit the reference in compliance with 37 CFR 1.78(a) by filing an amendment to the first sentence(s) of the specification or an ADS. See MPEP § 201.11.

The objections to the drawing, abstract and disclosure contained in the previous office action is withdrawn in view of applicants' amendments.

The rejections under 35 USC 112 contained in the previous office action are withdrawn in view of applicants' arguments and amendments.

Claims 1-4 and 6-7 are rejected under 35 U.S.C. 103(a) as being unpatentable over Berlowitz in view of WO '884.

Claim 5 is rejected under 35 U.S.C. 103(a) as being unpatentable over Berlowitz in view of WO '884 and further in view of Krivohlavek.

Claims 8 and 10 are rejected under 35 U.S.C. 103(a) as being unpatentable over Berlowitz in view of WO '884, Krivohlavek and Yeager et al.

Claim 9 is rejected under 35 U.S.C. 103(a) as being unpatentable over Berlowitz in view of WO '884, Krivohlavek and Yeager and further in view of Binet et al.

Claims 11-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Berlowitz in view of WO '884 and Krivohlavek.

Claim 15 is rejected under 35 U.S.C. 103(a) as being unpatentable over Berlowitz in view of WO '884 and Krivohlavek and further in view of Yu et al.

Each of these rejections is maintained for reasons of record since applicants have not satisfied the requirements for changing their priority.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
